

At CAE, we equip people in critical roles with the expertise and tools to create a safer world. As a technology company, we digitalize the physical world, deploying simulation training and critical operations support solutions.

CAE represents 75 years of industry firsts—the highest-fidelity flight and mission simulators, surgical manikins, and personalized training programs powered by artificial intelligence. We’re investing our time and resources into building the next generation of cutting-edge, digitally immersive training and critical operations solutions while keeping positive environmental, social and governance (ESG) impact at the core of our mission. Today and tomorrow, we’ll make sure our customers are ready for the moments that matter.

### Office Locations:

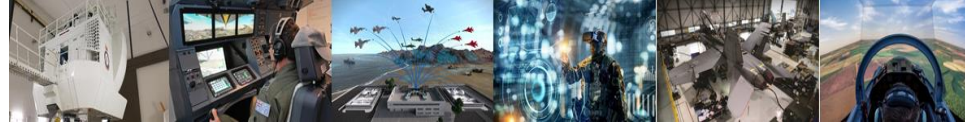

- Chantilly, VA (HQ)
- Tampa, Florida (Solutions)
- Arlington, Texas (Systems)
- Orlando Florida (Technology)
- Montreal, QC
- Europe
- Middle East
- Australia

### ASTRO POOLS

- Aviation - 47QFCA22D0122
- Data Operations - 47QFCA22D0018
- Development Systems Integration - 47QFCA22D0323
- Support - 47QFCA22D0420
- Training - 47QFCA22D0459

CAE is a high technology company providing solutions to make the world a safer place. Around the globe, we’re everywhere customers need us, with more than 13,000 employees in more than 200 sites and training locations in over 40 countries.

CAE Defense & Security is at the leading edge of digital innovation providing training and mission support solutions across multi-domain operations – air, land, maritime, space and cyber. Our training and operational support solutions prepare customers to operate in complex, high-stakes environments where mission readiness and successful outcomes are critical. CAE is the world’s leading pure play, platform agnostic training and simulation company serving the global defense market.

### Customers:

- Department of Defense
- Department of Homeland Security
- Special Operations Command
- Space and Missile Command
- Intelligence Community
- Airlines
- Defense and security forces across the multi-domain environment, Air, Land, Maritime, Cyber and Space.
- Healthcare practitioners

### Key Capabilities:

- Training and simulation
- Mission and operations support
- Digital solutions: data analytics, artificial intelligence (AI), machine learning, single synthetic environments, cloud computing, immersive synthetic environments, adaptive learning
- Virtual Training Systems and Simulation Devices
- Technology Research and Development
- Test and Experimentation
- Modeling, Simulation, and LVC Solutions
- Platform Training Solutions
- Analytics and Systems Engineering
- Space and Missile Defense Training & Operational Support
- C5ISR and Global Situational Awareness
- Mission Planning and Support Services
- Flight Operations & Test Support
- Aircrew Training Services / Human Performance / Readiness
- Obsolescence Management and Technology Insertion
- Sustainment logistics
- Systems Engineering and Integration
- Integrated Information environment (IIE)
- Training System Integration

### Certifications and Awards

- ISO 9001:2015
- AS9100:2016D - International Aerospace QMS
- CMMI-DEV Level 3
- ISO 13485:2016 certification for Medical Device and Quality Management Systems
- U.S. Department of Labor Hire Vets – Gold Award
